(Proverb) Proverbs usually have an element of truth. The German speakers will certainly also know the German equivalent 'Was Hänschen nicht lernt, lernt Hans nimmermehr.' Do these proverbs also apply to the acquisition of a second language Are young learners trees that 'must be bent' before they are too old to reach a certain language proficiency In first and second language research, the concept of a 'critical period' respectively of a 'sensitive period' was developed to explain probable advantages of children in the process of language acquisition. The aim of this term paper is to find out whether there is a sensitive period for second language learning and to explore possible explanatory approaches. Within this research, the 'Critical Period Hypothesis' (CPH) represents the major focus. According to this hypothesis, 'there is a period during which...
