*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.*

Medallion Press. Paperback. Book Condition: new. BRAND NEW, Personal Demons, Gregory Lamberson, Jake Helman, an elite member of the New York Special Homicide Task Force, faces what every cop dreads--an elusive serial killer. While investigating a series of bloodletting sacrifice rituals executed by an ominous perpetrator known as the Cipher, Jake refuses to submit to a drug test and resigns from the police department. While battling a cocaine addiction, Jake starts a high-pressure position as the director of security at Tower International, a controversial genetic-engineering company. Beneath the polished exterior of the corporate identity and the CEO--who has a reputation as the frontiersman on the cutting edge of science--is a deranged mind. As Jake delves deeper into this frightening laboratory, he discovers much more than unethical practices performed in the name of human progress. Sequestered in rooms veiled in secrecy is the worst crime the world will ever see--the theft of the human soul. Horrifying and gruesome, this is a gripping, suspense-filled novel that offers intense arguments about science, ethics, and human life.
