Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.

Can you compare their forests with those managed by the Federal Government, for example, or on other private lands What is your observation ORDON Mr. G. Well, I think Indian forestry has two big advantages with respect to any other forest management. Weve talked about some of the disadvantages - under-funding and under-staff-ing - but the two big advantages are that they live with the consequences of all their decisions. Senator S. Because theyre there. MITH ORDON Mr. G. If they decide not to cut timber, they get to not have the money. Senator S. Yes. MITH ORDON Mr. G. If they decide to burn, they get to cope with the smoke. So I think that leads to a balanced view of forest management, and I think thats a very good thing. The second thing is that tribes are diverse, so many different tribes try many different things in forestry, so instead of a fairly rigid template of management, you have a diverse set of ideas, and this leads to innovation and to a form of adaptive management, where you can compare different kinds of management on similar forests. So to me those are the two major advantages, in addition, of course, to what you mentioned, innate feeling for the land. Senator S. And because of those forces that you talk about, MITH are the Indian forest lands in better condition than those that you find otherwise...
