## LEHNE S PHARMACOLOGY FOR NURSING CARE

Elsevier - Health Sciences Division, United States, 2015. Paperback. Book Condition: New. 9th Revised edition. 274 x 220 mm. Language: English . Brand New Book. Known for its clear explanations of drug prototypes and how they work, Lehne s Pharmacology for Nursing Care, 9th Edition provides a solid understanding of key drugs and their implications for nursing care. A perennial student favorite, this book simplifies complex concepts, using large and small print to distinguish need-to-know drug content from the material that s merely nice to know. New to this edition are quick-reference summaries of prototype drugs, safety alerts, and a stronger QSEN focus. Written by noted nursing pharmacology instructors Jacqueline Burchum and Laura Rosenthal, this text helps you understand pharmacology as opposed to merely memorizing drug facts.
