Paperback. Book Condition: New. Paperback. 248 pages. Amar was used to flying around the world. As an international corporate executive, he had a roster of frequent flier miles that would be the envy of any multinational businessman. But on what should be a routine flight from Mumbai to Chicago, his journey turns into a personal saga where Amar reminisces over key failures and successes in his life. In the process he learns to appreciate life to its fullest, for all its beauty, for all its promise and all its imperfections. In Vijay Baldev Mehra's debut novel, *The Journey and the Voice, The Signal and the Noise*, the reader will accompany Amar on the backward-looking journey through his life. Through the lens of Amar's life, the reader will get insights into the beauty of his or her own life, for all its ups and downs, all its successes and failures and all its imperfections. As the jetliner settles into cruising altitude, Amar begins to zone in and out of scenes from his childhood, adolescence and the early years of what will later be his highly successful career. At 40,000 feet above sea level, Amar begins to listen to the voice emanating from somewhere deep within his being and its unshakable wisdom. He develops insights into his life and into the magic of the universe by listening to the voice. Though he has written a work of fiction, Mehra draws on his wide-ranging career as a Chief Information Officer and management consultant for multinational corporations. Indeed, this is a book that speaks to corporate strivers and romantics alike. Mixing the spirituality of Deepak Chopra with the traveling wisdom of books like *Eat, Pray, Love*, this new novel will appeal to anyone who has longed to transform their mundane commute into a personal...
